

Villa Raffaella

A Senior Assisted Living Community

About Villa Raffaella

Thank you for inquiring about our community. Before we present the details of services and amenities that we offer at Villa Raffaella, we would like to tell you a little about ourselves, our philosophy and our commitment to those who entrust themselves to our care.

For many years The Hospitaller Sisters of Mercy have worked in service of seniors, the sick, and the disenfranchised. Today we operate Assisted Living Centers, Hospitals, Clinics, Schools and Empowerment Centers in over 13 countries worldwide. As members of the Hospitaller Sisters of Mercy, each Sister is professionally prepared with specialized training in various healthcare related fields of study. We are Nurses, Social Workers, Educators, Doctors and so much more. Our congregation is well focused; all our formation and apostolic works are directed to one aim: caring for the sick and those in need.

In 2000 we felt it was time to establish a new assisted living community for seniors to meet the needs of a growing senior population in southern New Jersey. Our approach to assisted living is to promote each resident's independence and dignity, providing individualized assistance when needed. Our community is well planned, secure and simple. Our sisters live on campus in separate quarters and along with a devoted and experienced staff are dedicated to serving our residents. Villa Raffaella is a different kind of assisted care community because we believe in the God-given dignity of all men and women.

What is Assisted Living

At Villa Raffaella we believe "Assisted Living" means a coordinated array of supportive personal and health services which are available 24 hours per day, to residents who have been assessed to need these services, including residents who may require formal long-term care. At Villa Raffaella these services are provided in a setting that is homelike, not institutional. We believe that Assisted Living should promote resident self-direction and family participation in the decision making process. We emphasize:

Independence Dignity Individuality Privacy Choice

All are Welcome

Our gracious residence is open to all seniors wishing a home that allows them control over their life choices and encourages independence. We energize our residents by providing programs that promote a holistic approach to living. We touch each other's lives though the Body, Mind and Spirit.
